

Learning Objectives

- What is it we want students to know?
- What is it we want students to do now?
- What is it we want students to do later?
- How do we measure these objectives?
- How do we ensure this discussion matters?

Student Background

What do teachers bring to the discussion?

- Building capabilities in teachers
- Building a community for trust/collaboration
- Leverage experiences and interests

What do students bring to the discussion?

- How do we build on their online experiences?
- Where will they learn about cybersecurity?
- Leverage experiences and interests
